Unique Boutique

Your gown was perfectly fitted and your florals arranged to the millimeter — so you would never leave your honeymoon to chance, would you? Mexico Boutique Hotels is a collection of 39 member inns that blend Old World charm with New World luxury. Try Villa Ganz, an oasis of elegance in urban Guadalajara, complete with marshmallow-soft duvets and cozy outdoor fireplaces. If you crave something more tranquil, Hacienda Sepulveda (pictured, right) is a third-generation family farm in rural Lagos de Moreno, where you can ride horses, spy on peacocks from the outdoor Jacuzzi or get a chocolate wrap in the spa. History buffs will love Quinta Las Acacias (pictured, top), a 19th century antique-filled retreat in Guanajuato. Stay in just one, or book a circuit tour of a few hotels; MBH will make all the arrangements for you, including transfers. — LIZ LANGLEY
